02/2026 — MG6C: platform extraction referred; handle attribution report outstanding.

=== SECTION: MG5 ===

What the key witnesses say

DS Kerr — extracts show supply-related chatter; attribution to Liam Craft requires outstanding mapping material.

Covert officer — not relied upon in served extracts alone for identification.

Evidence on file (served)

Charge sheet; MG5; MG6C; officer statement; message extracts LC/MSG/01; exhibit list.

Evidence referred or outstanding

Platform/source extraction; handle attribution report; subscriber/account data; device continuity; co-defendant material; full download/export.

Prosecution position on current papers

Handle NIGHTLINE-77 appears in served extracts. No served mapping certificate links handle or handset to Liam Craft. Defence cannot safely say handle proves defendant's role.

=== SECTION: OFFICER_STMT ===

OFFICER STATEMENT — DS Kerr 5501

␣

1. This case concerns an Encro-style messaging platform used in a county-lines network.␣

␣

2. Message extracts LC/MSG/01 are served on the bundle. Handle NIGHTLINE-77 appears in the thread.␣

␣

3. A handle attribution report linking NIGHTLINE-77 or the associated handset to Liam Craft is NOT served (MG6C/ENC/03 outstanding).␣

␣

4. Platform extraction and subscriber data are outstanding. Without served attribution material, the defence cannot safely treat the handle or phone reference as proof of Liam Craft's role.
